Dear Mam,

As you are aware, 21st February, has been declared as **International Mother Language day** by the UNESCO in 1999. Every year, all the higher educational institutions/schools across the country are advised to organize various activities like Elocution, Debating, Singing, Essay Writing and Painting competitions, Music and Dramatic performances, Exhibitions etc. However, this year, the Matrihasha Diwas is being celebrated jointly by the Ministries of Education and Culture as Webinar from 21st to 23rd February, 2021 and the inaugural function will be held on 21st February, 2021 through virtual mode. Hon'ble Education Minister desires that all the students from all the Higher Educational institutions, JNU, AICTE, Kendriya Vidyalayas, CBSE, students under-NIOS should invariably participate in the function.

2. Accordingly, the inaugural function of the **Matrihasha Diwas will be conducted on 21.02.2021** between 11.00 AM and 12.00 Noon in which Shri Venkaiah Naidu, Hon'ble Vice President of India will be the Chief Guest of the occasion and Hon'ble Education Minister and Hon'ble Minister of State Culture and Tourism (I/C) and Minister of State for Education shall be Guest of Honor.

3. I shall therefore, take this opportunity to invite you to participate in the inaugural function of the Matrihasha Diwas and also to advice students in the Higher Educational Institutions/Schools etc to participate in the Webinar. The link to the Webinar is webcast.gov.in/mhrd, education.gov.in and education.gov.in/hi.

With kind regards,

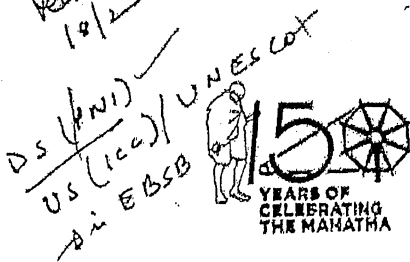

Yours sincerely,

Dated 24 May, 2021

Dear *Sir*,

Please refer to the earlier D.O. letter dated 20th November, 2018 regarding declaration of all government buildings/offices as "Tobacco Free" (*copy enclosed*). I am sure that necessary steps must have been taken to declare the government buildings/office "Tobacco Free".

As you are aware that every year, 31st May is observed as World No Tobacco Day (WNTD), highlighting the health and other risks associated with tobacco use, and advocating for effective policies to reduce tobacco consumption. This year, the theme of World No Tobacco Day 2021 is "*Commit to Quit*".

I take this opportunity to request you to organize "**NO TOBACCO PLEDGE**", thereby encouraging Officials/Staff of your Ministry/Department to quit/desist from tobacco use. (*Pledge is enclosed*).

Yours sincerely,

(Rajesh Bhushan)

D.O. No. P.16012/06/2017- TC
Dated, the 20th November, 2018

Dear Secretary,

I am writing to you with regard to a initiative taken by the Ministry of Health and Family welfare in declaring the premises of Nirman Bhawan as 'Tobacco Free Zone'.

2. As you are aware, tobacco use is highly detrimental to health. It is a major risk factor for Cancer, Cardiovascular Diseases (CVD), Diabetes, Chronic Lung Disease, stroke, infertility, blindness, Tuberculosis (TB), Oral Cavity etc. To protect non-users from involuntary exposure to tobacco smoke, smoking in public place which includes all public offices, workplaces, canteen etc. has been banned under Section 4 of the Cigarettes and other Tobacco products (Prohibition of Advertisement and Regulations of Trade and Commerce Production, Supply and Distribution) Act (COTPA),2003.

3. Thus, in the interest of public health and with a view to keep the building clean, contributing towards the "Swachh Bharat Swasth Bharat" campaign, the initiative was taken. As such smoking and spitting of tobacco in the premise of Nirman Bhawan is prohibited and is a punishable offence. A copy of the Circular for Tobacco Free Nirman Bhawan alongwith the Guidelines for implementation of the "Tobacco Free Zone" policy is enclosed.

4. In this regard, it would be appropriate that all government buildings/offices under your Ministry/Department are made tobacco free in order to protect public health. We would be happy to extend any technical support in this regard. I shall be thankful for your personal attention to the implementation of this policy.

With warm regards,

Yours sincerely,

P. Sudan

Ministry of Health and Family Welfare
Government of India
(Tobacco Control Division)

Nirman Bhawan, New Delhi
Dated, the 8th November, 2017

CIRCULAR

"TOBACCO FREE NIRMAN BHAWAN"

The harmful effects of tobacco use are well established and accepted globally. The use of tobacco is a prominent risk factor for 6 to 8 leading causes of death and almost 40% of the Non Communicable Diseases (NCD) including cancers, cardio-vascular diseases and lung disorders are attributable to tobacco use. The number of deaths every year in India which is attributable to tobacco use is about 1.31 lakh.

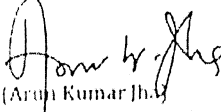

Whereas the Central Government has enacted the Cigarettes and other Tobacco products (Prohibition of Advertisement and Regulations of Trade and Commerce Production, Supply and Distribution) Act (COTPA) in 2003, to protect the youth and the masses from adverse harmful effects of tobacco use and Second Hand Smoking.

Whereas COTPA envisages protection of non-user from involuntary exposure to tobacco smoke, which specifically had mentioned in Section - 4 of the Act that prohibits smoking in public place which includes all public offices, workplaces, canteen etc.

Whereas spitting of tobacco etc, leads to spread of swine flu, tuberculosis, and pneumonia and gastro-intestinal diseases. TB Bacilli can survive in spit for an entire day which causes health problems to the public or nuisance to the people in general.

Whereas Section 260 of the Indian Penal Code stipulates that *a person is guilty of a public nuisance who does any act or is guilty of an illegal omission which causes any common injury, danger or annoyance to the public or to the people in general who dwell or occupy property in the vicinity or which must necessarily cause injury, obstruction, danger or annoyance to persons who may have occasion to use any public right.*

Whereas in the interest of public health and with a view to keep the building clean, thus contributing towards the "Swachh Bharat Saasth Bharat" campaign, the premise of Nirman Bhawan is declared as "Tobacco Free Zone". As such smoking and spitting of tobacco in the premise of Nirman Bhawan are prohibited and is a punishable offence. Guidelines for implementation of the "Tobacco Free Zone" policy are at **Annexure**.

NUEPA Celebrates
National Youth Day
(12 January, 2017)

A Discussion Meet '*Educational Ideas of Swami Vivekananda in Policy Perspective*' was organised at NUEPA on January 12, 2017 to commemorate 154 birth anniversary of Swami Vivekananda. In this meet around 40 students and faculty members, from different academic institutions participated. The celebration began with *pushpanjali*, and lighting of lamps, followed by inauguration of the book exhibition on the life and works of Swami Vivekananda. In the Discussion Meet, the experts from different institutions shared their views and experiences related to Swamiji's contribution to education and development of society.

The Discussion Meet began with welcome address by Prof. Jandhyala B. G. Tilak, Vice-Chancellor, NUEPA. Prof. Tilak highlighted the importance of the occasion for people working in the field of education, as the contribution by Swami Vivekananda is of immense value. Vivekananda is a personification of the core values of Indianism – *Bhartiyata*; he had also immense faith in the potential of the youth for the transformation of India; and he strongly believed that it is education

that would be capable of building youth with great character which is required for the building of the nation. Hence, it is appropriate to celebrate his birthday, 12th January as National Youth Day every year. Following the welcome address Prof. Avinash Kumar Singh, Head Department of Educational Policy, introduced the programme schedule and agenda for discussion in the Meet. He highlighted the need to take forward the ideas and vision of Swami Vivekananda to deal with current and emerging problems of the society. Keeping in mind Swami Vivekananda as a youth icon, he advocated designing policies and programmes for the involvement of the youth in the development of nation.

As India has the largest youth population, larger than even China, Swami Vivekananda's ideas and vision will serve as guiding force to the youth of our nation. Vivekananda was one of the leading Indian thinkers who gave utmost importance to the role of education in the development of individual and society. According to him, education is the main difference between rich and poor people and rich and poor countries. He gave the most appropriate definition of education as "*the manifestation of perfection already in men*" and also emphasised the need to universalise education especially amongst the girls, disadvantaged and marginalised. During the Discussion Meet, the three invited experts, Shri Devashis Mukherjee of Ramakrishan Mission, Delhi, Shri Atul Kothari, Shiksha Sanskriti Utthan Nyas and Prof. Avijit Pathak, JNU, New Delhi, dwelled at length on basic teachings of Swami Vivekananda.

Shri Devashis Mukherjee highlighted the importance of applying Swami Vivekananda's ideas in day to day life of the students and

teachers. According to Mr. Mukherjee, if we follow Swami Vivekananda's definition of education (... *as the manifestation of perfection already in men*) a large number of educational problems will be solved. He illustrated some of the works currently being done by the Ramakrishna Mission in the field of school education. He gave an example of a group work in a classroom in which students were asked to do some difficult tasks. Some of the students in the group felt the tasks very difficult and withdrew from the group work. While others took up the challenge and started working on that. And at the end it was seen that even those who were initially not good in their activities, did better than others because in the words of Swami Vivekananda, they believed in themselves. *'We become what we think. If we think we are strong, we become stronger. If we think we are weak, we become weaker.'* So Vivekananda's remark, *'strength is life, weakness is death'* holds good for our motivation to do things confidently and effectively. Mr. Mukherjee also cited other examples which explained the main philosophy of Swami Vivekananda.

Shri Atul Kothari, Secretary, Shiksha Sanskriti Utthan Nyas started his presentation with chanting of the word 'OM', invoking the audience to follow and feel the difference and significance of the chanting. The audience felt the difference caused by the chanting, in terms of having soothing effect. According to him, if just chanting 'OM' word in one sitting can make us feel more relaxed, one may imagine its impact, when it is done on regular basis. This also means that this kind of chanting will lead to higher level of concentration and which in turn will help in doing various other things. He explained that lot of energy is wasted by human beings in distractions caused in various ways. By demonstrating the case of concentration through chanting, he re-enforced Swami Vivekananda's principle that *'concentration is the main instrument of gaining knowledge'*. He reiterated this point by referring Vivekananda's statement, "If I were born again, I would like to practice the art of concentration rather than going to schools and colleges. This way I can get knowledge at my will". Shri Kothari talked about various efforts being made by his organization in the field of higher education. In response to the innovative experiments initiated by his organization, three-four universities have revised their curriculum and launched new courses. He also talked about the need to introduce value education in schools because of lack of proper value orientation amongst the youth of the country. He called upon university teachers and students to learn from the ideas of Swami Vivekananda to transform their lives and make India great again.

Prof. Avijit Pathak (JNU) highlighted the academic contributions made by Swami Vivekananda in the field of knowledge, skills and values. According to him, Vivekananda who achieved so much in a very short span of his life that he has left a long legacy to be followed by youth, generation after generation. According to Prof. Pathak, Vivekananda's ideas are universal in application, these cannot be confined within a country or within boundaries made by particular groups. According to him, Vivekananda is one of the most important thinkers in the country who influenced the psychic unity of human beings. His ideas should be read and followed along with ideas of other international thinkers. In this way, we will be able to do justice to the ideas and vision given by Swami Vivekananda, not simply by replicating his ideas in life. According to him, many thinkers and leaders have followed Swami Vivekananda's ideas in their life and by doing so they have achieved greatness in their lives. If we see Gandhi's contribution to freedom struggle in India, one can see the impact of Swami Vivekananda on Gandhi's day to day life routines.

The speeches were followed by a questions-answers session. A number of queries, observations and suggestions were made by the audience, to which the invited experts responded effectively, highlighting further significance of Swami Vivekananda's ideas and vision.

The Discussion Meet ended with a Vote of Thanks presented by Prof. A K Singh to the participants and resource persons.

Subject: Invitation for Meeting of Jal Shakti Team on 14th February, 2020 at 02.00 p.m. at NIEPA, New Delhi

Dear _____,

The National Institute of Educational Planning and Administration (NIEPA), (Deemed to be University) established by the Ministry of Human Resource Development, Government of India, is a premier organization dealing with capacity building and research in planning and management of education not only in India but also in South Asia.

In response to MHRD letter (E.No. 11014/01/2018-(EBSE)) Dated 28-Aug-2019, Jal Shakti Team has been constituted in NIEPA. The committee has decided to conserve water and to take a few initiatives. To augment its initiatives, experts are identified from different institutions to be invited. You are one of the eminent expert of the subject. You are requested to participate in the meeting and help us to finalize the following agenda points;

1. The alternative sources of water conservation in institutional premise.
2. What is the step to be taken for reduction of water charges in the Premise?
3. What are the possible sources for rain water harvesting in the Campus.
4. The villages to be taken for the awareness of water conservation by the university.

I request your presence in the meeting on 14th Feb 2020 at 2.00 in Room No. 114, NIEPA, New Delhi.

Looking forward for your concurrence.

Minutes of the Jal Shakti Meeting

The third meeting of Jal Shakti Team as constituted by the competent authority of NIEPA was held on 14th February 2020 at 2:00 PM in the room number 114, NIEPA Main Building. The meeting was chaired by Prof. Veera Gupta, Head of the Department (I/C), Department of Training and Capacity Building in Education and was attended by the following members:

NIEPA Members:

Prof. Veera Gupta (Chairperson)
Prof. Mona Sedwal (Member)
Mr. Jnyan Ranjan Sahoo (Member)
Ms. Nida Khan (Member)
Mr. Chandra Prakash (Member Secretary)
Shri. Satbir Singh Bhardwaj, Project Junior Consultant
Dr. Shiv Prakash Katiyar, Project Junior Consultant

External Experts:

Shri Jyoti Kumar, Scientist, Central Ground Water Board
Dr. Sunita Gupta, Professor & Member, Jal Shakti Team, NCERT
Mrs. Pinky Pandey, Ministry of Jal Shakti, Government of India

The agenda of the meeting was to review and discuss the action points received from the communication sent by MHRD. In the previous meetings some action plans were executed by the Institute and which were discussed with the Members. The meeting was to discuss and take stock of the activities done and to be executed in the forthcoming once.

In the meeting it was suggested that the rain water harvesting mechanism should be operational as NIEPA has it in place. It was suggested that NCERT has published a book on water conservation comprising 30-40 activities which is under final stage of publication that may be used as a reference by NIEPA in near future. With this reference it was decided to communicate with CPWD regarding the following actions to be taken:

- All the buildings in the NIEPA premise will be covered under rain water harvesting system (Roof top harvesting system).
- To establish water recharging point in the NIEPA premise.

The members agreed upon reusing the waste water from the NIEPA Hostel for the gardening purpose. For it the letter will be sent to DPCC for establishing recycling water system for

effective use of gray water which is discharge from the washrooms/other rooms in the NIEPA premise.

The committee was informed that area specific designs for establishing rain water harvesting system is available on the website of Central ground Water Board and may be downloaded for the purpose. Since this work is executed by CPWD it was suggested to calculate the cost benefit ratio before the work is initiated. It was also recommended that CPWD can be approached for sending a team of experts for verification of water bodies, probable rain water recycling and recharging system.

On the similar lines Ministry of Jal Shakti is in the process of launching an app on water conservation very soon according to the experts. Moreover, the Ministry is working on the three important dimensions of water:

- Rain Water Harvesting
- Recharging of water
- Recycling of water

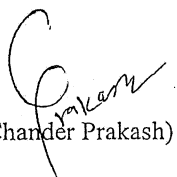

The committee members also visited campus during 3.00 PM to 3.30 PM for identifying water resources available in the NIEPA Campus and its functionality. It was suggested to close the well which is not functional which may lead to breeding of mosquitoes and spread of diseases.

After discussion with experts, the committee decided to include one session on the water conservation in the training programmes of NIEPA instead of adopting a village. The institute organizes more than hundred training programmes each year in which the participant from all over the country makes it outreach wider and consistent. The committee also discussed that we may plan to reuse bathing water of the hostel. All the outside experts would share material on water conservation for the training programmes.

The meeting ended with the thanks to the chair.
