Professor Vinceta Sirohi

Chairperson, Steering Committee

Department of Educational Administration

Dated: 30.05.2022

The University has established a Steering Committee to look after the day-to-day students' affairs.

1. Periodic meetings with students used to take place to listen to their grievances and find solutions to the problems raised by the students. In one of the first meetings the students were requested to prepare a document on their grievances and demands. They prepared a document indicating the issues on which immediate and priority attention needs to be drawn. The Vice Chancellor through the Steering Committee attended to most of the demands and fulfilled these demands.
2. During the Covid period the students had requested for online access to NIEPA library e Resources and their request was acceded to provide the facility of online access to library.
3. During the Post - Covid period, students had requested to increase the timings of library, and the timings were increased to facilitate the students in the pursuit of their academic work.
4. There was an issue related to the seating place after the class hours. Efforts were made to facilitate the students in making seating arrangements with wifi connections in their room no. 004 and ground floor library so that students can make use of the off-class room hours for their academic activities.
5. The fellowship amount given by NIEPA was less than that was given by UGC. The students made representations and Institute responded to their request by taking this matter to the Finance Committee and brought their fellowship at par with the UGC fellowship levels.
