POST-GRADUATE
DIPLOMA IN EDUCATIONAL PLANNING
AND ADMINISTRATION
(PGDEPA)

2017-18
ANNOUNCEMENT

National University of Educational
Planning and Administration (NUEPA)

17-B, Sri Aurobindo Marg, New Delhi – 110016, INDIA

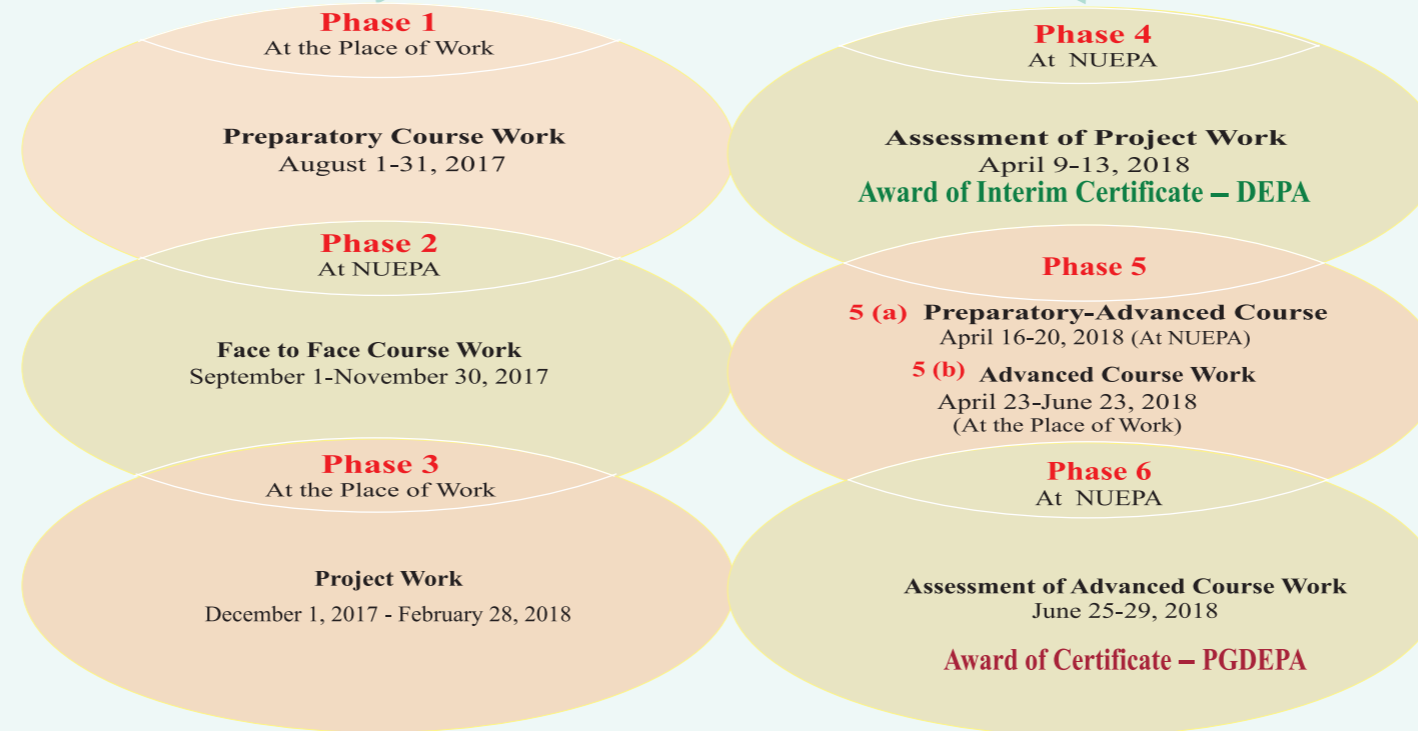

The Programme

Since 1982-83, National University of Educational Planning and Administration (NUEPA) has been conducting a specially designed Training Programme leading to Diploma in Educational Planning and Administration (DEPA) for the educational administrators. The programme has undergone transition from DEPA to Post-Graduate Diploma in Educational Planning and Administration (PGDEPA) to offer an opportunity to address fundamental changes in the nature and content of the programme. One of the important considerations for redesigning the programme is the changed profile of those attending the programme and requirements of the organisation that they represent such as SCERTs/ SIEMATs/ DIETs and are DEOs/ BEOs of Directorates of Education of the State Government. The programme also caters to the needs of newly appointed / promoted educational administrators. The present PGDEPA programme is an intensive long duration programme to ensure creating a cadre of professional trained educational administrators in the country.

A basic concern while designing the PGDEPA programme was to ensure that the participants do not have to stay at NUEPA for a period longer than three months and they learn at their own place of work. The PGDEPA is envisaged as twelve months programme leading to a Post-Graduate Diploma. However, keeping in view the difficulty of many education

PROGRAMME STRUCTURE

Post Graduate Diploma in Educational Planning and Administration PGDEPA

departments to depute their officials for a long duration programme, the PGDEPA is planned in such a way that the face to face and residential part of the programme does not exceed three months. To facilitate, the PGDEPA involves varying modalities of course transaction. It involves a preparatory phase at the participants' place of work, face to face phase at NUEPA, project phase at work place, transacting advanced courses through open and distance learning mode and presentation of project work in a seminar cum workshop mode at NUEPA.

Objectives

The overall objective of the programme is to promote professional competency and capacity of the educational functionaries in the areas of educational planning and administration. The specific objectives of the programme are to:

- Acquaint the participants with the fundamental concepts of educational planning and management ;
- Enable the participants to develop planning and management skills for improved decision making in educational administration;
- Develop their capacities in monitoring and evaluation of educational programmes and projects.

Certification

The participants who do not wish to continue after phase IV will be awarded an interim Diploma in Educational Planning and Administration. After the successful completion of all the six phases including the advanced courses, participants will be awarded the PGDEPA.
